

SPA TREATMENT MENU

Our Aroma Boma spa treatment room at Safari Lodge is built on the banks of the dry Mabrak riverbed amongst the trees and away from the main lodge area, so the only likely disturbance is perhaps the odd elephant wandering past!

OUR PRODUCTS

We use a range of products from Africology. Their ethical skincare products capture the rejuvenating and healing essences of Africa, helping to revitalise the skin as well as prevent damage and premature ageing. Africology prides itself on its roots, taking inspiration from the home and using local ingredients including Rooibos, Aloe, Marula and African Potato. The entire range is suitable for vegans, is not tested on animals and is free from harmful chemicals and perfumes.

The brand's empowerment philosophy is also apparent in its approach to social responsibility. Africology only practices fair trade and is always looking for new ways to help develop individuals and communities in Africa. The products have also been designed for reed-bed disposal, so they do not harm conservation efforts.

Africology products are available in our guest rooms, so feel free to give them a try during your stay. If you wish to continue the Aroma Boma experience once you've left Ulusaba, you can purchase your favourite Africology products before you leave!

BODY TREATMENTS

WELLNESS JOURNEY PACKAGE

This treatment begins with a back, neck and shoulder massage, followed by pressure points reflexology on your feet using warm and cool stones. This will help to improve your blood circulation and remove any toxins in your body.

75 mins – R 1,500

SOUL OF AFRICA

In Africa, Marula is seen as a miracle oil and used in many skin treatments and traditional ceremonies. Blended with Neroli, Marula is used to soften signs of ageing through its anti-stress action, as well as to treat sun-damaged skin as it improves skin hydration and helps fight free radicals. This treatment begins with a back exfoliation followed by an application of warm, soothing mud to release any tension stored in your muscles, whilst helping to remove any toxins in your body. Marula oil is then applied in preparation for your massage.

90 mins - R 1,900

INTONGA AMASATCHI MASSAGE

A deep tissue and stress relieving treatment; skillful movements are performed with the hands and different sized wooden sticks are used to stretch tight muscles and ease toxic overload from daily stress. This is a grounding treatment that absorbs and purifies negativity, redirecting the energy flow into greater efficiency.
